FEDERAL LEAD-BASED PAINT DISCLOSURE LAW AND REGULATIONS: INFORMATION FOR OWNERS OF RESIDENTIAL PROPERTY

Note: 42 U.S.C. 4852d exempts from the disclosure requirements for lead-based paint certain transfers of residential property constructed before 1978. The exceptions are: property leased for 100 days or less with no possibility of renewal or extension; re-lease or renewal of a lease for the same property to the same tenant, where the landlord previously complied with the law's disclosures and has no new information about lead-based paint; housing for the elderly or disabled; foreclosure sales; property where there is no separate bedroom; and property that has been certified as lead-paint free under the law. All other residential properties constructed before 1978 are "target housing" subject to the law and regulations, and their owners must be informed of the following.

§35.88 Disclosure requirements for sellers and lessors.

(a) The following activities shall be completed before the purchaser or lessee is obligated under any contract to purchase or lease target housing that is not otherwise an exempt transaction pursuant to §35.82. Nothing in this section implies a positive obligation on the seller or lessor to conduct any evaluation or reduction activities. (1) The seller or lessor shall provide the purchaser or lessee with an EPA-approved lead hazard information pamphlet. Such pamphlets include the EPA document entitled Protect Your Family From Lead in Your Home (EPA #747-K-94-001) or an equivalent pamphlet that has been approved for use in that State by EPA. (2) The seller or lessor shall disclose to the purchaser or lessee the presence of any known lead-based paint and/or lead-based paint hazards in the target housing being sold or leased. The seller or lessor shall also disclose any additional information available concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces. (3) The seller or lessor shall disclose to each agent the presence of any known lead-based paint and/or lead-based paint hazards in the target housing being sold or leased and the existence of any available records or reports pertaining to lead-based paint and/or lead-based paint hazards. The seller or lessor shall also disclose any additional information available concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces. (4) The seller or lessor shall provide the purchaser or lessee with any records or reports available to the seller or lessor pertaining to lead-based paint and/or lead-based paint hazards in the target housing being sold or leased. This requirement includes records and reports regarding common areas. This requirement also includes records and reports regarding other residential dwellings in multifamily target housing, provided that such information is part of an evaluation or reduction of lead-based paint and/or lead-based paint hazards in the target housing as a whole.

(b) If any of the disclosure activities identified in paragraph (a) of this section occurs after the purchaser or lessee has provided an offer to purchase or lease the housing, the seller or lessor shall complete the required disclosure activities prior to accepting the purchaser's or lessee's offer and allow the purchaser or lessee an opportunity to review the information and possibly amend the offer.

§35.90 Opportunity to conduct an evaluation.

(a) Before a purchaser is obligated under any contract to purchase target housing, the seller shall permit the purchaser a 10-day period (unless the parties mutually agree, in writing, upon a different period of time) to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards.

(b) Notwithstanding paragraph (a) of this section, a purchaser may waive the opportunity to conduct the risk assessment or inspection by so indicating in writing.

§35.92 Certification and acknowledgment of disclosure.

(a) Seller requirements. Each contract to sell target housing shall include an attachment containing the following elements, in the language of the contract (e.g., English, Spanish): (1) A Lead Warning Statement consisting of the following language:

Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

(2) A statement by the seller disclosing the presence of known lead-based paint and/or lead-based paint hazards in the target housing being sold or indicating no knowledge of the presence of lead-based paint and/or lead-based paint hazards. The seller shall also provide any additional information available concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces. (3) A list of any records or reports available to the seller pertaining to lead-based paint and/or lead-based paint hazards in the housing that have been provided to the purchaser. If no such records or reports are available, the seller shall so indicate. (4) A statement by the purchaser affirming receipt of the information set out in such paragraphs (a)(2) and (a)(3) of this section and the lead hazard information pamphlet required under section 15 U.S.C. 2696. (5) A statement by the purchaser that he/she has either: (i) Received the opportunity to conduct the risk assessment or inspection required by §35.90(a); or (ii) Waived the opportunity. (6) When any agent is involved in the transaction to sell target housing on behalf of the seller, a statement that: (i) The agent has informed the seller of the seller's obligations under 42 U.S.C. 4852d; and (ii) The agent is aware of his/her duty to ensure compliance with the requirements of this subpart. (7) The signatures of the sellers, agents, and purchasers, certifying to the accuracy of their statements, to the best of their knowledge, along with the dates of signature.

(b) Lessor requirements. Each contract to lease target housing shall include, as an attachment or within the contract, the following elements, in the language of the contract (e.g., English, Spanish): (1) A Lead Warning Statement with the following language:

Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips, and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, lessors must disclose the presence of lead-based paint and/or lead-based paint hazards in the dwelling. Lessees must also receive a federally approved pamphlet on lead poisoning prevention.

(2) A statement by the lessor disclosing the presence of known lead-based paint and/or lead-based paint hazards in the target housing being leased or indicating no knowledge of the presence of lead-based paint and/or lead-based paint hazards. The lessor shall also disclose any additional information available concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist in the housing, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces. (3) A list of any records or reports available to the lessor pertaining to lead-based paint and/or lead-based paint hazards in the housing that have been provided to the lessee. If no such records or reports are available, the lessor shall so indicate. (4) A statement by the lessee affirming receipt of the information set out in paragraphs (b)(2) and (b)(3) of this section and the lead hazard information pamphlet required under 15 U.S.C. 2696. (5) When any agent is involved in the transaction to lease target housing on behalf of the lessor, a statement that: (i) The agent has informed the lessor of the lessor's obligations under 42 U.S.C. 4852d; and (ii) The agent is aware of his/her duty to ensure compliance with the requirements of this subpart. (6) The signatures of the lessors, agents, and lessees certifying to the accuracy of their statements to the best of their knowledge, along with the dates of signature.

(c) Retention of certification and acknowledgment information. (1) The seller, and any agent, shall retain a copy of the completed attachment required under paragraph (a) of this section for no less than 3 years from the completion date of the sale. The lessor, and any agent, shall retain a copy of the completed attachment or lease contract containing the information required under paragraph (b) of this section for no less than 3 years from the commencement of the leasing period. (2) This recordkeeping requirement is not intended to place any limitations on civil suits under the Act, or to otherwise affect a lessee's or purchaser's rights under the civil penalty provisions of 42 U.S.C. 4852d(b)(3).

(d) The seller, lessor, or agent shall not be responsible for the failure of a purchaser's or lessee's legal representative (where such representative receives all compensation from the purchaser or lessee) to transmit disclosure materials to the purchaser or lessee, provided that all required parties have completed and signed the necessary certification and acknowledgment language required under paragraphs (a) and (b) of this section.

USEFUL INFORMATION ABOUT REAL ESTATE TRANSACTIONS

REALTORS® are real estate licensees who, as members of the National Association of REALTORS® as well as the state and local Associations of REALTORS®, have pledged to the public and to each other that they will adhere to a strict code of ethics and high standards of professionalism, integrity and competence. REALTORS® are providing you with this information in order to assist you in making informed decisions when purchasing, selling or optioning real estate.

SERVICES Regardless of whom they represent, REALTORS® can provide a variety of information and assistance to all parties in a real estate transaction. For example, REALTORS® can assist customers by performing ministerial acts such as supplying information about available properties and sources of financing, describing and showing properties, assisting in preparing and submitting purchase offers or counteroffers, or providing information about settlement procedures. REALTORS® acting as standard agents are required by Virginia law and by their Code of Ethics to treat all parties honestly and not knowingly give them false information, promptly present all written offers and counteroffers, disclose any adverse material facts actually known to them concerning the physical condition of a property, and offer properties without regard to race, color, religion, sex, handicap, familial status, elderliness, sexual orientation, national origin, or gender identity as well as any other classes protected by Virginia and applicable local jurisdiction.

LEGAL REQUIREMENTS Virginia law requires that in order to be enforceable, all contracts for real property must be in writing. There is a recommended contract form that can be shown to you and that may be modified in any way to accommodate the needs of the parties. You have the opportunity to consult legal counsel concerning the contract as well as any other questions you may have about the various laws concerning real estate transfers that are referenced in the suggested contract form.

FINANCING Mortgage rates and associated charges vary with financial institutions and the marketplace. Buyers have the opportunity to select the lender and to negotiate terms and conditions of the loan. Such terms may be subject to seller's approval and lender's requirements. Borrowers also will be required to obtain a lender's title insurance policy. Buyers may wish to obtain owner's title insurance coverage and may consult an attorney concerning this choice.

INSURANCE The lender may require buyers to buy a hazard insurance policy from the insurance company of their choice, subject to the lender's approval. Buyer should be aware that many factors affect the availability and cost of hazard insurance on the premises. Depending on the insurance company, these factors may include past insurance claims filed on the premises, past insurance claims filed by buyer, and buyer's credit history. In addition, flood insurance may be required on the property. Buyer should contact an insurance agent at the earliest opportunity to arrange for hazard insurance and, if necessary, flood insurance on the property.

BUYER AND SELLER DUTIES UNDER FIRPTA Section 1445 of the Internal Revenue Service (IRS) Code (the Foreign Investment in Real Property Tax Act or "FIRPTA") may impose a duty on a buyer to withhold a percentage (minimum 15%) of the gross sales price when the seller is a "foreign person" for purposes of U.S. income taxation and when the property is located within the United States. A foreign person includes, but is not limited to, nonresident aliens, foreign corporations, foreign partnerships, foreign trusts, and foreign estates. The seller has to check the right box in the Residential Sales Contract and attach a FIRPTA

addendum to the contract. In addition, the seller should inform the settlement agent of possible withholding under FIRPTA prior to settlement date. The settlement agent may require the seller and the buyer to execute certain IRS forms, which may include the seller's and the buyer's tax identification number (social security number), and submit the required withholding on behalf of the buyer. Both the seller and the buyer should seek competent legal, tax, and/or financial advice concerning these matters in advance of the settlement date.

MASTER PLANS Prior to execution of a contract, buyers may review the applicable Master Plan for the appropriate jurisdiction, including maps showing planned land use and proposed or actual parks, roads, or other facilities. These can be found at the planning offices of various jurisdictions and at some local libraries.

PROPERTY CONDITION AND ENVIRONMENTAL MATTERS Various inspection services and home warranty insurance programs are available, and buyers have the option to include in their offer to purchase a contingency that allows them to employ one or more experts of their choice at their expense to inspect the property and provide them with an analysis of its condition. Buyers normally may also conduct pre-settlement or pre-occupancy "walk-through" inspections of the property, but these inspection may be limited by the terms of the contract. REALTORS® do not have the expertise to advise concerning various conditions including but not limited to: major systems or structures; soil conditions; flood hazard areas; mold or air quality; possible restrictions on the use of the property due to restrictive covenants, zoning, subdivision or environmental laws, easements or other documents; airport or aircraft noise; planned land uses, roads or highways; including but not limited to construction materials and/or hazardous materials such as flame retardant treated plywood (FRT), radon, urea formaldehyde insulation (UFFI), polybutylene pipes, asbestos, synthetic stucco/EIFS, underground storage tanks, defective drywall or lead-based paint. Information about these issues may be obtained from appropriate governmental agencies such as the United States Environmental Protection Agency (EPA), the Virginia Department of Health, or local planning offices or health departments.

HOME ENERGY EFFICIENCY INFORMATION Buyers may wish to consider the energy efficiency of any new or existing home prior to the conclusion of the sale. Hiring an energy audit professional certified by the Residential Energy Services Network (www.RESNET.us) or the Building Performance Institute (www.BPI.org) to perform an energy audit can be an invaluable step toward helping prospective buyers understand the energy efficiency level of the home they are considering buying. Energy and water consumption patterns in the home can also add to understanding the efficiency levels of home systems, although personal behaviors must also be considered when evaluating this data.

RESPONSIBILITY Each party to a real estate transaction should carefully read all documents to be sure that the terms accurately express the understanding of the parties as to their intentions and the agreements they have reached. REALTORS® can counsel on real estate matters, but if legal or tax advice is desired, you should consult an attorney or a financial professional. If you have any questions about the roles and responsibilities of REALTORS® or about any other material presented here, please do not hesitate to ask for more information. You should also exercise whatever due diligence you deem necessary with respect to information on any sexual offenders registered under Chapter 23 (§19.2 - 387 et. seq.) of Title 19.2. Such information may be obtained by contacting your local police department or the Department of State Police, Central Criminal Records Exchange at <http://sex-offender.vsp.virginia.gov/sor/>.

TYPES OF REAL ESTATE REPRESENTATION In an individual real estate transaction, if a brokerage firm ("Broker") has a contractual obligation to represent a buyer or a seller ("Client"), then the Broker shall promote the interest of the Client by exercising ordinary care and by:

- (a) performing the terms of their contractual agreement;
- (b) conducting marketing activities on behalf of the Client as provided in their brokerage agreement;
- (c) assisting the Client in drafting and negotiating offers and counteroffers, amendments, addenda, and in establishing strategies to accomplish the Client's goals;
- (d) obtaining a transaction at a price and terms acceptable to the Client;
- (e) presenting in a timely manner all written offer or counteroffers to and from the Client;
- (f) disclosing to the Client all material facts related to the property or concerning the transaction of which they have actual knowledge; and
- (g) accounting for, in a timely manner, all money and property received in which the Client has or may have an interest.

Unless otherwise provided by law or the Client consents in writing to the release of information, the Broker shall maintain the confidentiality of all personal and financial information and other matters identified as confidential by the Client, if that information is received from the Client during the brokerage relationship.

In satisfying these duties, the Broker shall exercise ordinary care, comply with all applicable laws and regulations, treat all prospective buyers and sellers honestly and not knowingly give false information, and the Broker representing a buyer shall disclose whether or not the buyer's intent is to occupy the property as a principal residence. In addition, the Broker may show the same property to different buyer clients, represent sellers as well as buyers, or provide assistance to a seller or a buyer who is not a client by performing ministerial acts that are not inconsistent with the Broker's duties to the Client.

Seller representation occurs when sellers contract to use the services of their own Broker (known as a seller representative) to act on their behalf. Sellers may engage a Broker who provides standard services (§54.1-2131) or limited services (§54.1-2138.1). Your REALTOR® can provide you with more information about those options.

Buyer representation occurs when buyers contract to use the services of their own Broker (known as a buyer representative) to act on their behalf. Buyers may engage a Broker who provides standard services (§54.1-2132) or limited services (§54.1-2138.1). Your REALTOR® can provide you with more information about those options.

Dual representation occurs when a buyer and seller in one transaction are represented by the same Broker and the same sales associate. When the parties agree to dual representation, the ability of the Broker and the sales associate to represent either party fully and exclusively is limited. The confidentiality of all information of all clients shall be maintained as above.

Designated representation occurs when a buyer and seller in one transaction are represented by different sales associates affiliated with the same Broker. Each of these sales associates, known as a designated representative, represents fully the interests of a different client in the same transaction. Designated representatives are not dual representatives if each represents only the buyer or only the seller in a specific real estate transaction. Except for disclosure of confidential information to the Broker, each designated representative is bound by the confidentiality requirements as above. The Broker remains a dual representative.
